

I enjoy my XM Radio very much, I listen to music, comedy, Fox News and several of the talk radio shows bot left wing and right wing. I do not want any kind of sensorship or restrictions put on what the owners of XM Radio can broadcast. This is a closed pay service that I pay for and not General Brodcast Public Radio I see no reason for any restrictions that would apply to public radio to apply to my service!
If people don't like it don't pay for it !!!!!!!!!!!
